

Miniature Peristaltic Pump

RP-Q1

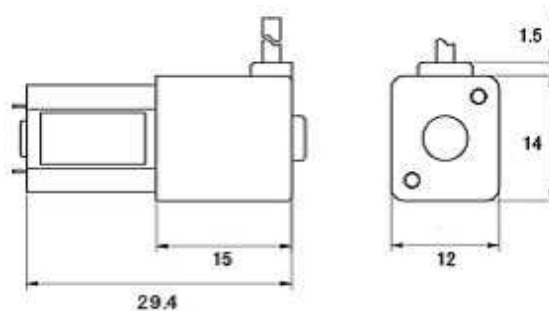

Features

- Compact size: Dimensions of 30 mm X 12 mm X 14 mm
- Low Power consumption: only 0.12 W

Specifications

Discharge Rate	0.45 ml/min \pm 15 % (tap water at 20 °C)
Discharge Pressure	50 kPa
Tube Material	Silicone (I.D. 1.5 mm)
Motor	DC geared motor
Rated Voltage	DC 3 V
Power Consumption	0.12 W
Weight	11 g

Dimensions

Note: Details including specifications etc. may be changed at any time without notice.
